The RIDLEY Y^CTIGER

VOL. XXIX No. 1

JANUARY, 1979

HAPPY 75th BIRTHDAY

School House, first home of the Upper School on the present grounds, is 75 years young this year. The corner stone was laid on Prize Day 1904 by the School President, J. Herbert Mason and its doors opened to the School in January, 1905. Although it has gone through many alterations and renovations (the last in 1972) it still remains the core and the most venerable of all Ridley buildings.

Academic Organization and Objectives

The abandonment of the Departmental Examinations in Ontario was seen as a giant step forward, towards the emancipation and enlightenment of secondary education. Conformity to a provincially-dictated curriculum was to be replaced by a wider range of subjects, with greater discretion granted to teachers over the content of the courses. Evaluation and grading were to become internal matters for each school. A new breadth of learning was to become possible. It is important not to forget the exciting sense of release and progress which was implicit in the reforms deriving from the Hall-Dennis Report. But there is little doubt now that too much was done too quickly; and the resultant difficulties can be compared to the effect that is created by removing the hub from a wheel. Everyone is familiar with those difficulties, which have been recognized and are being combated, both in the high places where policies are formulated and in the humble places where teachers and students meet together. The key to the future lies in how the best features of this dramatic decade can be combined with a more secure preservation of standards and validated academic content.

Ridley, like its fellow Independent Schools, has been on the side of conservatism in academic matters, over the last ten years. It has maintained required subjects, when these have been first abandoned and then resumed elsewhere. It has continued to restrict its curriculum to those courses which are traditionally described as "college preparation courses". It has demanded standards of commitment and performance from students, as close as possible to those implicit in the Departmental Examinations. It has resisted the temptation to inflate marks. It has insisted upon obligatory night work, and the vigorous setting of tests and examinations. If this sounds either heroic or complacent, it is certainly not intended to be so. There have been failures and resistances, and times when we have wondered if we have begun to resemble King Canute. But two things have seemed to justify the policy of conservation of traditional values, in the face of exciting change. The first of these has been the continuing recognition, through the flow of applications at a time of drastic inflation, that people want their children to be challenged and extended. This is now publicly endorsed by the movement to "return to basics". The second comfort has been the knowledge, perhaps the self-respect, that the content of our courses has continued to derive substance from the great European and North American mines of scholarship, which lie beneath the landscape of Western culture.

The academic policies of the Upper School and Lower School are intentionally different, but complementary. The curriculum followed in the Lower School is common to all students, except for an option that can be exercised in Grade 9. The emphasis is upon grounding students in the basic disciplines of the accepted areas of intellectual division. Particular emphasis is laid upon training in English and Mathematics, as the two foundation subjects for all others. Both French and Latin are started during these years. There are also courses in Scripture, in addition to the subjects which form the basis of the Upper School curriculum. Two areas of expression, Art and Music, are incorporated into the discipline of the timetable. In both subjects, credit courses can be taken from Grade 9 onwards. Emphasis is laid upon organization, accuracy and thoroughness. There is an insistence also that all students will use the Library, through a programme of recorded and encouraged private reading. The major difficulty for the Lower School is the enormous discrepancy in knowledge and preparation that is apparent every year, in the intake of new students. It is something of a feat of persistence and personal attention, that a respect for standards is established in the minds of the vast majority of students by the end of each year. These seemingly arduous processes are lightened by classroom humour (in which the Lower School has a rather special brand), imaginative use of resources, and visits outside the classroom to places or activities relevant to the educational process.

The role of the Upper School is seen somewhat differently. For the first year, students continue to follow a largely common curriculum, with the possibility of exercising a couple of options. Thereafter, the element of choice is gradually increased. By Grade 13, a student may be quite heavily specialized in a particular area of knowledge, though he will have substantial foundations in all the other conventional areas. None of the traditional disciplines has been dropped, though the number of people now taking Latin at advanced levels is quite limited. Two academic courses have been introduced in the 1970's. These are Man in Society (a sociological course) in Grade 11; and World Religions (a comparative study) in Grade 12. In both instances, trouble has been taken to establish a course content and bibliography of some stringency. We are beginning upon the incorporation of computer studies, with a half-credit course now available in this field. Interest in the school computer (Commodore P.E.T., Model 2001) is not limited to those enrolled in the formal course. There has been one other major development in the 1970's. This has been in the provision of full-scale credit courses in both Art and Music throughout the Upper School. The intention, in both cases, has been to provide an insight into the disciplines and heritage of these two creative areas.

Certain important statements have been made, in terms of the school's basic priorities, in the 1970's. First, the major thrust of the 1972/3 renovations was concentrated upon the academic areas of the schools. The Science Department was completely renovated and expanded. The McLaughlin Building provided completely new departmental areas for Languages, English and Mathematics. In these areas, the most modern equipment available was installed. The Social Sciences were re-organized in the ground floor corridor of the 1956 building. A completely new Art Department was designed in the basement of the McLaughlin Building. Most recently, the Performing Arts Centre was incorporated in the former Assembly Hall, bringing the Arts into the visible centre of the life of the School. In the Lower School, Music, Art and Science have all been re-located in better-equipped and more spacious areas. By any standards, this has been a massive investment in the pursuit of learning: all in a period of less than ten years.

But second, there has also been a realization, both in the Upper and Lower Schools, of the crucial role that a library must play in the academic life of the students. For reasons of style, we have avoided re-naming our libraries as resource centres; but this is exactly what they are. The Matthews Library was more than trebled in size by the 1972 renovation. Since then, its total of books has almost exactly doubled. In addition, a periodical stackroom has been created. There is also an audio-visual centre, with extensive resources, freely available to the students, of records, tapes, films and video tapes. The Memorial Library (Lower School) is also more than adequate, especially since it is encouraged to draw upon the major resources of the Matthews Library. In both Libraries, attention has been paid to creating the appropriate atmosphere of graciousness and tranquility (not perfectly respected all the time by everyone, of course!). Quiet leadership is nowhere more crucial in a school than in the inculcation of library manners and deportment. We have indeed been fortunate in the team of librarians who have so established this ethos that the Library is rarely closed and the annual loss of books is extremely small.

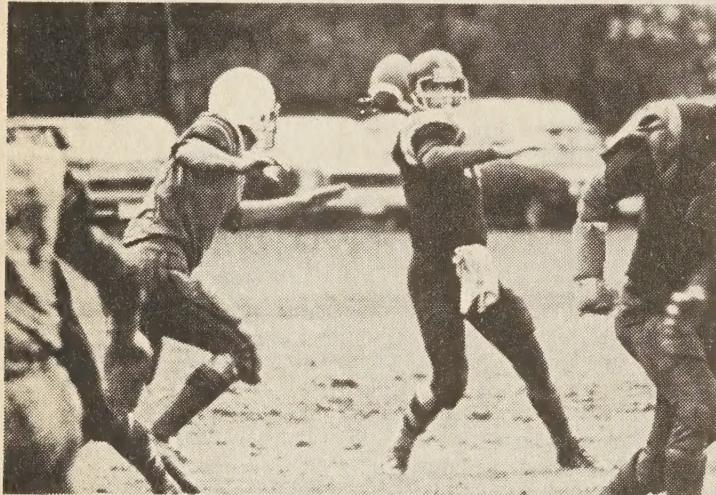

Let us return finally to the dilemma of standards and evaluation, set up by the liberalizing reforms of the late 1960's and early 1970's. The ending of the Departmental Examinations coincided with a tremendous expansion of the university opportunity in Ontario. To gain admission to a university therefore is much easier than it was. But it is perhaps more difficult now to gain admission to the most demanding areas of university study, such as medicine or engineering. We have had, and continue to have, problems of remedy with

students who have been poorly grounded in certain of the fundamental intellectual disciplines. We have problems with motivation towards excellence, when mediocrity is not seen to penalize unduly. We have been through agonies of introspective analysis, in discharging our responsibility to evaluate our own students, without help of some external measurement. We have developed a careful but thorough use of various forms of objective testing, as a control upon our subjective findings. In the 90th year of Ridley's existence, we hope we are still truly dedicated to the statement made in the original Prospectus for Bishop Ridley College, dated 1888. This is as follows: "The intellectual nature must be trained and strengthened by continuous and judicious exercise so that the child may gradually grow into the condition of a mental athlete."

Richard A. Bradley

Football — 78

The Football Season at Ridley was one of the best in years. Not only were the Firsts very competitive but the other two teams had good seasons, both improving on their '77 record.

Mark Wilson throwing a pass in the First Team United Way Bowl game against Notre Dame

The First team prospects returned early to School again this year. The week of training was tough, emphasising conditioning and basic skills. The obvious problem for the coaches from the start was to form an offensive with only one returning member from last year.

After a week of training and a week of School we were ready for the annual United Way game. The Firsts lost the game but were able to get all the players on the field. The following week we had our second exhibition game, this time against Southmount and we were able to earn a 15-13 win.

We were now supposed to be ready for our first ISAA game at SAC. Unfortunately Ridley turned the ball over three times in the first five minutes and were behind 21-0 very quickly. It was a discouraging afternoon and we eventually lost to the league champions 35-8. The following week Nichols came to Ridley. It was a superb football team that easily defeated the Firsts 30-7.

The following week T.C.S. was here for Association Weekend. Our defence played a very good game enabling us to grab an 8-7 victory over a very highly rated team on a very muddy field.

Our third ISAA game was away at Hillfield in which both the offense and defense played well creating a 19-0 victory.

At Appleby the offense, led by Mike Bunston's four touchdowns, played very well and kept us out in front for a 35-21 victory.

When UCC came down for our last game of the year, the Ridley offense opened with three straight touchdowns. The offense faltered and then the defense did the same allowing Upper Canada to tie the

score at 22-22. In a fitting end to the season Mike Bunston, our Captain, got his third touchdown of the day on a sharp quick pass for a 29-22 victory.

The First's ended with a 4-1 season to stand second in the ISAA. The Firsts also must add a vote of thanks to the infirmary for its cooperation all season. This resulted in the team not losing one starter for any game this year.

The Seconds had a successful season. The combination of a large turnout of players plus excellent weather allowed the coaches to build an offensive and defensive team which took pride in its play. The team was captained by Jon Plummer, Bill Wallace and Sandy Montgomery, all of whom kept up the Ridley Spirit. The final record was 5-2 with exciting finishes against SAC and TCS.

Many of the boys on the team will be with the First next season and it is hoped they will maintain their enthusiasm and dedication to the game.

The U/16 football team showed gratifying improvement over the season in both ability and sportsmanship. The coaches worked hard with this inexperienced team and obtained obvious results for their effort. The season pointed out to the boys the need for self-discipline and restraint by football players if they want to be successful.

All the teams would like to thank Bill Montgomery and his staff for the excellent shape of the fields all season.

P.G.K.

Around the School

In late October two student-run events took place as part of the fund raising campaign for the United Way Fund. The annual 'Grub Day' and Carnival were both very successful as students paid for such privileges as throwing cream pies at selected 'volunteers' from the faculty.

Early in the term the School sponsored a concert by an 'Up with People' group and for several days these dynamic young people were billeted at Ridley or with friends of the School. This proved to be a fine experience for our students and several of them may have the opportunity to travel with 'Up with People' next year.

The first league basketball game for Ridley girls was held this year against St. Clements and this was a prelude to the girls entering a regular league with other girls' schools next year.

Two theatre trips were held this fall; one in which all the students but those in grade 13 saw 'Julius Caesar' at Stratford and another where grades 11 and 13 saw 'A Man for All Seasons' at the Press Theatre in St. Catharines.

Return to the 20's 'Fun Night' — Ann McLeod and Todd Halfknight

A music conference was held at the School in November. Representatives from most of the Independent Schools in Ontario attended a number of workshops in which experts gave instruction in vocal and instrumental music.

As always, there was much activity in the music department this

term. Among the many concerts was a Teachers' Concert where instructors who give private tuition performed at the School.

In addition, several noon-hour concerts were performed by music students in the new Performing Arts Centre. The Christmas Carol service as always was a great success with its varied programme of familiar and new carols.

Work is now proceeding for the production of the musical 'Pirates of Penzance' which will be performed in April.

The first-ever flag football game between a girls' school and Ridley took place as the Tigers met the Havergal Huddlers. The two teams 'struggled' to a 14-14 tie and a great deal of fun was had by all.

The School play 'Our Town' was directed by Trevor Davies and featured a very large cast and many support people. It was a great success and all concerned are to be congratulated.

'Follow the Leader' by Carol Libman is now in production as our entry in the Simpson's Collegiate Drama Festival to be held on February 22nd-24th.

L.G.S.

Board of Governors Notes

The Annual Meeting in November saw ten new members elected to the Board which now brings the total to fifty. The new members are as follows: William T. Bright (58), Robert C. Broad (53) (ex-officio), Mrs. Dorothy Burgoyne, George R. Holloway (45), Fred N. C. Jerauld III (53), Donald M. Lorimer (52), W. Darcy McKeough (51), Dr. Christopher I. H. Nicholl (40), Mrs. Joan Randall and John G. Walker (58). Two resignations were received: George D. Enos Jr. (41) and A. Hoadley Mitchell (past parent), who have served the Board faithfully for 10 and 17 years respectively. Both Mr. Enos and Mr. Mitchell were appointed to the Advisory Council.

At the annual meeting the Board endorsed the new Sports Ridley programme under the direction of Mr. Brian Iggleton (67). For the first summer the programme will offer hockey, soccer and tennis to both resident and day boy participants. The scheme is designed to make profitable use of the extensive facilities we now enjoy at the School.

The other major issue under discussion has been the preparation of a phased plan of action to deal with the refurbishing of Gooderham House and indeed the optimization of all buildings on the campus. A plan has been prepared with the priority to divide and complete the refurbishing of Gooderham House. This plan is now before the Executive Committee for a final decision as to how much of the comprehensive plan should be implemented in 1979. A special committee, under the Chairmanship of Mr. Peter MacLachlan, was formed to deal with this most complex matter. It is the Board's desire to rationalize, thoroughly, every expenditure made on the physical plant. The overall plan now developed is the first step in this direction.

A.L.K.

ISAA Co-Champions

Soccer — 78

At the start of the year it appeared that this would be a year of rebuilding, as we had only four returning colours and many gaps to fill. Thus the early practices and exhibition games were intense, as the competition for a place on the side was very keen. Our early exhibition games suggested that we might be an average side, and that a lot of hard work was required to knit the players into a cohesive unit.

Our first league game against Crescent, the favourites in the ISAA, proved to be one of the most exciting soccer games ever seen at Ridley. A fine performance saw Ridley score twice in the last two minutes to snatch a 4-3 victory. After this we knew we had a sound team, and we tied with SAC at St. Andrews, another fine result. Against TCC we were brought back to earth with a 3-0 defeat, a game which could cost us dearly. As the season progressed, we beat Lakefield, Appleby, St. Georges, Pickering and Nichols in an exhibition game. The championship was to be decided by our final game, UCC vs. Ridley, which we had to win. A fine, exciting game saw Ridley come out on top by a score of 1-0 and at the final whistle the

large crowd was generous in their applause of a fine game — Ridley Soccer had come of age.

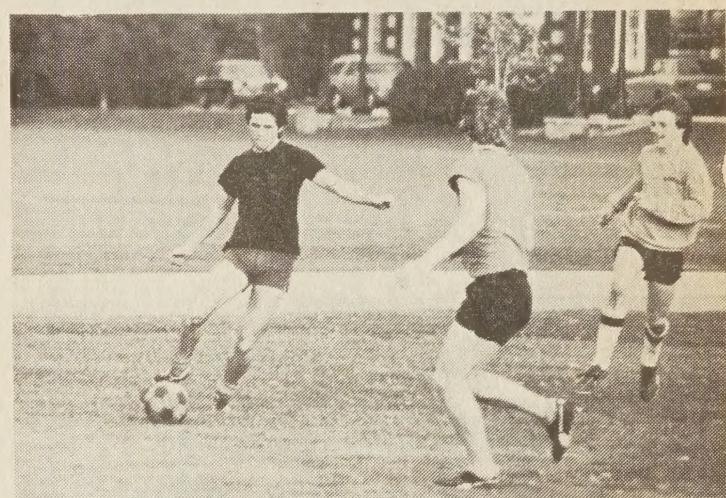

One fine innovation was the Old Boys' Soccer game on the Association Weekend. We hope to make this an annual affair and invite all former soccer players to participate.

League	Won 6	Tied 1	Lost 1
Exhibition	Won 2	Tied 1	

TEAM

K. Khorozani, S. Stitt, P. Cowperthwaite, T. Bright, R. Conlon, D. Faes, J. Li, C. Olyslager, M. Evans, F. Stanley, M. Deans, G. Mercnik, D. Knight (capt.), R. Naylor.

Upper School League Soccer — Mike Bryden,
Andrew Asbil and Michael Ainslie

SECOND TEAM

The Seconds enjoyed a fine season with an excellent calibre of play. This was a strong side with Frank Morgan and long Bob Knight sharing the goal keeping duties. The defence was steady, with Roger Melizan and Ian Day providing strength and stability. The midfield play of Andrew Porter and Stephen Molz was the heart of the team. The forward line strengthened by the addition of Joe Cembal from the League had the goal scoring of Kevin Freeborn and James Jurden and the classy play of Alan Chan, Geoff Park and the unpredictable Michael Moore. The team was most appreciative of the enthusiastic support of their coach, Mr. Brian Martin.

RECORD

League	Won 5	Lost 1	Tied 3
Exhibition	Won 2	Lost 0	Tied 0

U/16 SOCCER

After many years of outstanding success the U/16 were at last due for a weak season, and this was the year. The side was not as strong as usual and suffered defeat in most games. The final game of the season against U.C.C. was the exception, when Ridley really fought hard to share a 1-1 draw.

Soccer continues to be a strong, vital part of our Fall sports programme.

R.B.N.

League Soccer

What do you do with over 90 students who, either by choice or by virtue of their skill, do not 'make' (as the saying goes) Firsts, Seconds or U/16? Quite simply you organize them into teams, run a

long series of intra-mural matches, develop latent skills and have a whale of a good time.

League Soccer was reorganized this year. The old senior and junior designations were abolished and teams were composed of all grade and skill levels. There was hardly a boy who did not improve his playing ability, who did not learn some invaluable lessons in teamwork or who did not put forth some excellent (and often heroic) effort. Lessons in leadership by the co-captains were perhaps the most valuable.

The season enjoyed almost perfect fall weather and it was over all too quickly. It ended in November with a formal banquet. Malcolm Ainslie was M.C. and there were speeches by Mr. Brian Iggleston, Sports Ridley director, Graeme Lowry, Mr. Terence Cronyn and the Headmaster. Servers at the banquet were the eight masters who also played, coached and refereed the season.

P.E.L.

21-22 October

Association Week End

For the first time in a number of years bad weather greeted St. Catharines on Saturday 21 October. It poured rain all Friday and Saturday morning. However, it stopped shortly before the Firsts played T.C.S. in football. The field, though, was a quagmire but the result of the tense, exciting football game was that Ridley pulled off an 8-7 win in the final minutes of play.

Happy 25th reunion Old Boys — Nestor Aristeguita, Cam Bennett and Tom Swabey

The reunion classes of course were prominent during the Week End. Bill Edmonds and Tim Clark shepherded the class of '38, celebrating their 40th reunion. It was good to see all these Old Boys on campus again. John 'Wats' Watlington made it from Bermuda with his wife Jennie.

David Johnston did a great job of organizing the class of '53, reunited again after 25 years away. If our registration is correct twenty eight were in attendance, a new record. Doug and Nancy Court and Dr. Bob Sheppard and his wife Christine hosted parties for this class, which included Nestor Aristeguita of Caracas, Len Cole of Dallas and Ian Wood of Moscow among those present.

In addition the classes of '68, '69, '70 and '71 headed by their class secretaries Tim Taylor, Doug Betts, Bob Schmon and John Vaughan returned to the School.

Although our count is not exact there was a terrific turnout from the '78 graduating class and their secretary Tim Reid told me he thought there were over seventy who showed up at one time or another.

As far as we know the Week End was enjoyed by all those who

Editor - - - Sam Heaman

attended. The total number in attendance was down; we suspect due to the inclement weather that kept a good number of you away.

Sunday dawned clear and sunny, a pleasant change. A well attended Chapel service at which The Rev'd Reginald Stackhouse, principal of Wycliffe College preached was followed by the usual post-service sherry party at the Don Hunt's home in the Lower School.

Farewells were now said and another Week End was over.

It was a pleasure to have you return to the School. Especially those of you who had not been back for many years. We hope you will all return again soon.

Thank you for coming.

A group of the '53 reunion class — George Calder, Mary Swabey, Tom Swabey, Nancy Court and her son Michael, Ann and Ian Bigger and Merri and Peter Marani

Branch Meetings

HAMILTON BRANCH

A fine branch meeting, organized by Kenneth Hollinrake, the Branch Chairman, was held at the lovely home of Norman (62) and Ruth Embree, on 15 September. About 35 Old Boys and their wives and current parents attended and enjoyed being brought up to date on activities at the School by the Lower School Headmaster, the Reverend Donald Hunt. Don Hunt and his wife together with Sam and Libby Heaman represented the School.

MONTREAL BRANCH

Between 25 and 30 Ridley Old Boys and their wives and current and past parents met at the Montreal Amateur Athletic Association for a Fall meeting on 18 October. The committee organizing the meeting was composed of John M. Stevens (42), Patrick Guest (65), Hugh Slater (44) and Mike Venables (71). The Headmaster and Mrs. Mary Bradley, along with Sam and Libby Heaman attended from the School.

Annual Giving

To Date — \$65,000

With tremendous help from the Branch Chairmen involved and the willing assistance of many Old Boys and Current Parents, ten Branch Telethons on behalf of the Annual Giving programme of the Foundation have been held in the following branches:

Vancouver, Edmonton, Calgary, Winnipeg
London, Niagara Peninsula, Toronto
Ottawa, Montreal, Buffalo

The results in the form of pledges and donations received from all branches have been over last year. As of press time (27 December) our receipts total over \$65,000, a good increase over last year.

We hope all of you who have pledged or have said you 'will consider' contributing, will send your donation in as soon as possible. With your help we will reach our target of \$90,000.

Further Telethons will be held this year in the
Kitchener-Cambridge-Guelph,
Hamilton and New York branches

If you have not been contacted or have not made a contribution, please consider a gift to Ridley this year.

The School needs your assistance.

Lower School Notes

'Tis the day after Christmas and, inside and out, the holiday mess lies scattered about. And ma with a wet towel atop of her head and aspirin tablets has crawled into bed. The kiddies, God bless 'em, are raising a din, with thundering drums and shrill trumpets of tin. While pa, like a schoolboy, forgetting his years, is all tangled up in the bicycle gears. Plaid neckties and pink socks and what-nots galore await their exchange at the five-and-ten store. While tidbits and knickknacks of leftover sweets must furnish the menu for future day eats.

'Tis the day after Christmas and time to reflect on the term gone by. Athletically, we performed as well as in other years. First Football and First soccer losing only one game each. We hosted the Under 15 Soccer Tournament, took part in the Under 13 Soccer Tournament, and hosted a visiting Soccer team from St. George's, Vancouver. We showed particularly well in Cross-country competition, ran our own Cross-country race on a new course (the 406 extension having denied us access to the old one), and saw a large number of boys enter our annual Boxing Tournament.

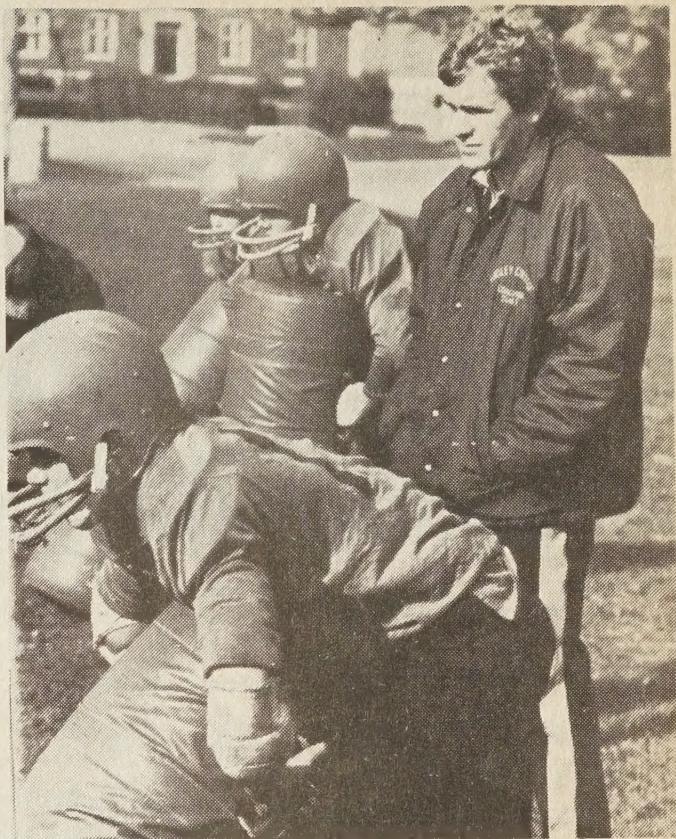

Every new year brings a crop of new boys, and every new year brings a new crop of apocryphal stories. A letter intercepted beseeched, "Send food! They only serve breakfast, lunch and supper!" A new boy, when asked by his mother on Parents' Day, "Did you learn anything today?" replied, "No, but I didn't forget anything, either!" Progress indeed! Every one of them old enough to dress himself, if he could just remember where he dropped his clothes!

October saw the production of "The Swinging Piper", a rock (?) version of the old tale, presented in the Performing Arts Centre by the Lower School. From the practice modules around the Centre could be heard the plaintive notes of Grade 9 students involved in Credit Music courses (an option, with Art, in form 9B1). One struggling musician defined 'classical' music as the kind you keep thinking will turn into a tune!

November brought the Mid-Term Break, a welcome relief for the boys, not to mention the staff. Today's accent may be on youth, but it's good to see some stress on the parents!

And then came Parents' Days; how to decide if a boy is an under-achiever or his teacher an over-expecter? How to calm the raging breast and smooth the ruffled feathers? Can a teacher be sued for defamation of character? (School administration is easier than you think. It requires only that you undertake the impossible, forego the indispensable, and bear the intolerable!)

Examinations followed close behind, and more apocryphal tales emerged:— "Who defeated the Philistines?" "I don't keep track of the

Mr. Terry Thomson coaching the Lower School Seconds

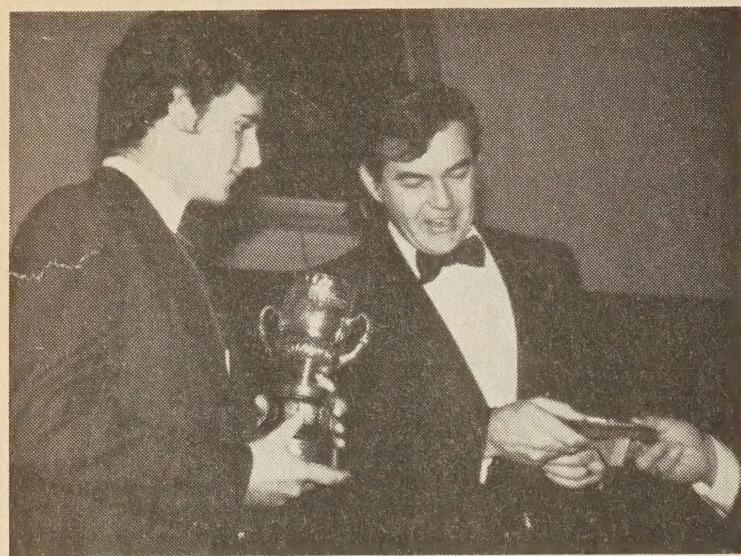

minor leagues." An active verb shows action, as "He kissed her," and a passive verb shows passion, as "She kissed him."

The Lower School lives!

D.R.C.

Uphill going on the new cross-country course —

Upper School Senior Cross Country winner — John Corcoran being presented with his trophy by the guest speaker of the evening, James D. Coons (56), Hamilton

SPORTS RIDLEY '79 **UPDATE**

Sports Ridley will conduct a sports camp for boys between the ages of 8-16 next summer. The programme has evolved as three separate camps: hockey, soccer and tennis.

Mr. Dennis Hull, recently retired after 14 successful seasons in the NHL is director of hockey. All sessions will be conducted personally by Dennis. The rest of the staff consists of experienced teacher-coaches who have the expertise to instruct youngsters in hockey basics.

The soccer programme is directed by Mr. Morris Ford. Mr. Ford played for the Bristol Rovers of the English Second Division and is a fully certified coach in England. Mr. Ford is staffing his programme with coaches from England and has designed challenging sessions to develop soccer skills in the young players.

Mr. Sandy Peters (Ridley Staff) is the director of tennis. Mike Hazell (73) will assist Sandy in this programme. It is conceived as a small school highlighted by good instructor-student ratio (1-10), 5 hours of on court instruction per day, and the use of video cameras and ball machines.

The camp offers an excellent opportunity for youngsters to experience Ridley and its outstanding facilities. For details regarding brochures and application forms contact Brian Iggleston (67) at Sports Ridley, Box 3013, St. Catharines, Ontario L2R 7C3. Phone (416) 685-6922.

The Ridley Fund

New Approach To Annual Giving

Commencing with the 1979-1980 fiscal year all annual giving activities will be conducted on behalf of THE RIDLEY FUND. No matter in what country of the world one lives, his or her annual giving contribution will be made to THE RIDLEY FUND.

The Board of Governors, at its September meeting, approved a recommendation submitted by the Financial Support Committee to reorganize the annual giving programme. Reference to this approval will be found in the report of the Financial Support Committee elsewhere in this issue.

Annual Giving for several years has relied very heavily upon twelve telethons conducted in cities in Canada and the United States. However, one of the weaknesses of this programme has been that a great number of the members of the Ridley family have not been given adequate opportunity to support the annual giving activities of the School.

Two major goals of the revised programme are to increase the numbers making annual giving contributions and to, as a result, increase the total amount contributed. Annual giving plays a major role in the financial health of the School and its importance in the future will only increase.

The next issue of Tiger will include a detailed report of THE RIDLEY FUND programme. However, there is no doubt that the success of this programme will fall on the shoulders of those members of the Ridley family, Alumni, Parents, Past Parents and Friends who will be directly involved in the canvass, the continued generosity of all current contributors and of very significant importance, the number of new donors.

G.M.H.

Masters - Prefects Soccer Game. Among those present Mr. Nat Caters, Mike Bunston, Mr. Paul Lewis and Mr. Brian Martin

Harriers — 78

As usual we started this year's season with a large, enthusiastic number of runners. Unfortunately the numbers dwindled quickly with the intensity of the training and we were left with a small dedicated group of individuals. New additions to this year's team were highlighted by John Corcoran, Dave Broad, Ken Haavaldsrud, Eric Burpee and two new girls, Kietha Hadley and Alison Thomson.

The first weeks of training were hampered by the elimination of the 'Hogsback' due to the construction of Highway 406 but the practice meets at Niagara-on-the-Lake and Brock revealed we had a strong team.

So we began training for the major meets with confidence only to have some of our stronger runners become injured and lose valuable

(Continued Page 17)

Financial Support Committee

Annual Report 1977-78

One of the major activities of the Financial Support Committee during the past year has been the development of a completely new Annual Giving programme. The Board gave approval on September 19th to the recommendation of this committee that the method of annual fund raising be revised from the current procedure of a combination of telethons and limited direct mail to one which relies very heavily on an intensive high quality personalized direct mail approach. The new programme will involve many more people in annual giving.

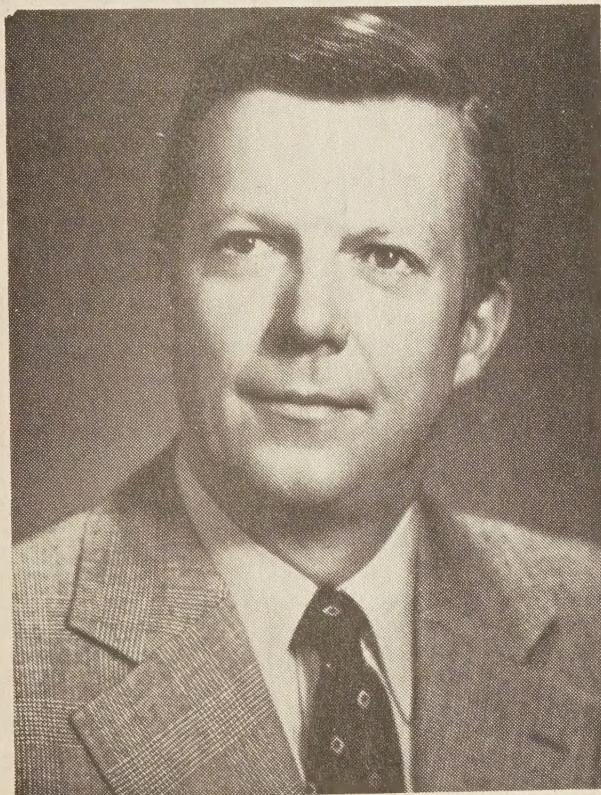

The committee convened a meeting held at Ridley on the weekend of January 13, 14, 15, which included some members of the committee, several Old Boys from the United States, some members of the Board of Governors, some members of staff, the Headmaster and the Chairman of the Board. The purpose of that meeting was to evaluate the present system of annual giving. As a result of that meeting several ideas and recommendations concerning our annual fund raising methods were presented to the Financial Support Committee for consideration. The ultimate result of that January meeting is the new programme that will be employed beginning with the 1979-1980 fiscal year.

Beginning next year all references to annual giving will refer to The Ridley Fund. No longer will annual giving be marketed under two different names. However, receipts will continue to be issued by the Ridley College Foundation Fund and the Ridley College Scholarship Fund, Inc.

The committee in submitting its recommendation for change did so only after very thorough investigation and are convinced the new programme will result in substantial increases in annual giving to Ridley.

The annual giving total for 1977-1978 amounted to \$81,049.00. Since this result exceeded the forecasted target of \$80,000.00 and was accomplished with the added burden of the Rink Fund, it must be considered to be a satisfactory one.

In addition to normal annual giving, \$26,659.00 was contrib-

George M. Hendrie, Chairman, Financial Support Committee

	Donors	\$
1973-74	847	46,011
1974-75	908	53,612
1975-76	1226	62,906
1976-77	1323	74,246
1977-78	1338	81,049

buted to Ridley for specific purposes which include scholarships and special gifts. Thus in 1977-1978 Ridley received total financial support of \$107,708.00. This figure does not include any funds donated to the Rink Fund.

The Annual Giving target set for the current fiscal period is \$90,000.00 and based on the very encouraging results of the Telethons to date we are optimistic that this amount will be raised.

Ridley has been most fortunate to have benefited from the generosity of so many members of the Ridley family. It is the continuing goal of this committee to increase the number of those contributing to the support of the School.

Statistics for the past five years are given to illustrate the growth of annual giving during that period.

1977-78 Annual Giving Statistics

<u>nnual Givings</u>	Donors	1977-78	Donors	1976-77

training time. At the Brock Invitational meet the Seniors ran well with John Corcoran finishing 13th, Mike Wilson 16th and Dave Broad 17th. The three leading Juniors, John Rudd, Mike Kelly and Don McDonald couldn't finish, but Ken Haavaldsrud went on to finish well. Eric Burpee led the Midgets with a 9th place finish while Anne Patchett led the Junior girls followed by Kietha Hadley and in the Senior Alison Thomson was our leading finisher.

Unfortunately the ISAA and SOSSA zone meets were scheduled for the same day and so the boys attended ISAA and the girls ran zone. At ISAA in the Senior division Dave Broad finished 7th, Mike Wilson 8th and Dave McInnes 9th. Ken Haavaldsrud finished 2nd for the Juniors followed by John Rudd in 4th. All the Midgets ran well, with Eric Burpee picking up a 3rd place. Despite everyone's outstanding effort we came second to U.C.C. in the final score.

Meanwhile in the girls' Junior zone meet Kietha Hadley finished 19th qualifying her for the SOSSA finals followed closely by Anne Patchett with a 21st. Alison Thomson finished 24th in the Senior.

All in all I consider it to have been a very successful season with thanks to Mr. Jon Silver, our coach.

Michael F. Wilson

New Staff

MISS NANCY L. BLAIR, B.Sc. (Hons), B.Ed., University of Western Ontario, becomes Ridley's first full-time female academic teacher. She is teaching Biology and Chemistry and is living in the Dean's House.

SIMON J. HALL, B.A., B.Ed., University of Western Ontario, is the new Director of Guidance. He is also teaching English. He lives in Arthur Bishop House.

BRIAN A. IGGULDEN, (67) B.A., Middlebury College, comes to Ridley from Crescent School to be Director of the summer sports programme 'Sports Ridley'.

MRS. JANET M. LEWIS, B.S. (P.H.E.), University of Western Ontario, the wife of Paul E. Lewis, is the House Mistress of the Dean's House.

A. C. 'Sandy' PETERS, administers the athletic store and is in charge of the general organization and scheduling of the athletic programme. He is also the Squash and Tennis coach. He and his wife live off campus.

TERRENCE H. THOMSON, B.P.H.E., Laurentian University, B.Ed., University of Toronto, is the Lower School Physical Education master. He and his wife live off campus.

Honoring Ridley's 90th Year in St. Catharines
